

Customer Appreciation Day Set Saturday At Heinen Repair Service Near Valley Falls

When it needs fixed, Bill and Nick can get it done. From a one-man farm equipment repair shop started by Bill 28 years ago, Heinen Repair Service has grown to include his son, Nick, as a partner with eight other employees offering a wide range of services and products.

Conveniently located right on Highway 4, south of Valley Falls, Heinen Repair Service works on everything mechanical from farm machinery to commercial vehicles, automotive and lawn and garden equipment, Nick said.

They're also an authorized warranty facility for Briggs & Stratton, Kohler, Kawasaki, Snapper, Country Clipper, Stihl, Ferris and a number of other lines of tools and equipment.

"When customers buy equipment from us, they're not just getting the product, they'll also receive our personal service including an explanation of proper maintenance procedures," Bill explained.

"We have a commitment to not sell you something you don't need," Nick emphasized.

To express gratitude for the opportunity to serve patrons from throughout eastern Kansas, Heinen Repair Service, regular advertisers on The BIG 94.5 Country FM, has scheduled a Customer Appreciation Day, this Saturday, April 28, from 8 to 5, with lunch 11 to 2.

"We'll have several promotions on tools and lawn mowers. We welcome everyone to come to Heinen Repair Service on Saturday," Nick invited.

Record Reports Keep Coming In From Project Lamb And Pig Sales Advertised On WIBW

"The Harris Show Lambs Sale (right) at our farm near Abilene went great," reported Kevin Harris.

"There were lots of positive comments from the 75 in attendance to bid on the 37 lambs that averaged more than \$300 a head," Harris said.

"We sent lambs to at least 10 counties, and we are looking forward to how they perform in the show rings.

"We really appreciate those who attended to make this sale the best one we've had in seven years. Thanks to WIBW for the help in getting the word out," Harris added.

Jeff Ebert at St. George reported, "The annual Ebert Sheep Farm production and club lamb sale at our farm attracted 25 registered buyers from three states.

"Forty-two head of wethers, ewe and ram lambs and yearling ewes sold for an average of \$326 per head," Ebert said.

"The registered ewe lambs were extremely popular with 11 head averaging almost \$400 per head," noted Ebert, who credited his wife, Kerri, and daughters, Christine and Monica, for their important part in the operation.

"The Flory Swine Genetics first annual Drive For the Purple Show Pig Sale (left) at Overbrook went great," evaluated Mark Flory.

"We were extremely pleased with the crowd and buyer numbers handed out. The WIBW ads were a good investment. Thanks for your help," Flory noted.
